Dear Harold:

Reference to your last letter.

First off I will (because I owe it to you) the reason for the cause of the delay of sending you my copies of the USA-Marshal's, your correspondence concerning JFK clothing.

In March, the gal I was getting ready to marry was assaulted & raped. I can't explain to you how it feels to stand by helpless. I took a month & half off from work to try and piece it back. Is not terrible to hold her without her SCREAMING or trying to understand her moods. But I lost.

On your other point, I at one time did put my name and address on the envelope. But I became lazy & instead just used my zip-code. I am sorry for the pains I put you through in having to look up my address.

As of this date, no response from Marshall or the Archives concerning the photo's. Hopefully soon. I really am EXCITED to see the photo's.

WILL let you know as soon as I hear. I do not think it would take Marshall this long to vote my appeal unless he is considering my REQUEST.

I would appreciate if you keep this letter between (content) the two of us. Please.

I hope you are well and READY to give the Govt. a little hell.

Please keep me on your mailing list

Sincerely yours,
